The Woodstock Fine Arts Association is pleased to announce that this fall's performance will be presented by ***Switchback***. Singer/songwriters Brian FitzGerald and Woodstock's own Martin McCormack have worked for over two decades in North America and Europe presenting programs to help youth gain a deeper appreciation of music. Their presentation addresses the Illinois Common Core Standards targeting music, literacy skills and world culture.

This is an opportunity for your students in Grades 3 through 5 to learn and enjoy an affordable program in the historic Woodstock Opera House. Tickets are \$5.00 for students, teachers and chaperones.

The reservation form for this exciting program is attached. Full payment is due Friday, September 30, 2016.

Please share this information with staff members that plan field trips and special events. If you have any questions regarding the Switchback performance, you may contact Sue Kazlusky at kaz.sue@comcast.net or at (815) 715-5190.

The Woodstock Fine Arts Association Children's Program Committee looks forward to offering this program to the school children in your community.

Sincerely,

Sue Kazlusky
